Dear Administrator Johnson:

I write on behalf of the Health, Environmental and Regulatory Task Group (HERTG)¹ to provide an update to EPA on the status of the HERTG commitment to the HPV Chemical Challenge Program and the ICCA HPV Chemical Challenge Initiative and to request that EPA update the HPV Chemical Challenge website to reflect the changes. By this letter, the HERTG wishes to notify the Agency of the following point:

CASRN 72162-15-3, 1-decene, sulfurized, a member of the alkyl sulfide category (Group 1), is no longer manufactured by any member company of the HERTG. This material should be removed from the Group 1 category commitment of the HERTG.
